JUICE DESCRIPTION

Light yellow in the glass. Floral nutmeg notes and nuances of caraway and currants. Full-bodied yet delicate with balanced melting of acidity and juicy fruit.

Flein is single-variety grape juice of the highest quality. Three winegrowers from the Alpine region, all of them long-time friends, refine their region-typical grape varieties into juices which open up new dimensions of taste - either as an aperitif or food companion: Gross & Gross (South Styria), Cantina Kurtatsch (Alto Adige) and Schmidt (Lake Constance).

The grapes for Flein come from vineyards that were selected specifically for the production of the juice. The cultivation of the vines, like the harvest, is done carefully by hand. Gently pressed like champagne and pasteurised using the latest technology, Flein enables variety-typical aromas. Flein comes with a surprising freshness, elegance, and lively acidity.
