## ORIGIN

## CLIMATE

Alpine & Mediterranean

## SEA LEVEL

350 to 400 m,  
steep vineyards

## SOIL STRUCTURE

sparse, limy marl

## A GLASS OF FLEIN

Flein is single-variety grape juice of the highest quality. Three winegrowers from the Alpine region, all of them long-time friends, refine their region-typical grape varieties into juices which open up new dimensions of taste - either as an aperitif or food companion.

The grapes for Flein come from vineyards that were selected specifically for the production of the juice. The cultivation of the vines, like the harvest, is done carefully by hand. Gently pressed like champagne and pasteurised using the latest technology, Flein enables variety-typical aromas. Flein comes with a surprising freshness, elegance, and lively acidity.

## SCHILCHER / BLAUER WILDBACHER

Known for its lively acidity, Schilcher is a speciality of Styria. It is pressed from the late-ripening grape variety Blauer Wildbacher with its blue-black grapes.

## SPEISEN

Typical aperitif, marinated fish, fresh cheese, salads, Salzburger Nockerl on berry ragout, etc.

## SAFTBESCHREIBUNG

Bright salmon pink in the glass, flattering aromas of red currant on the nose. Herbal spice, hibiscus and pomegranate join in. Juicy on the palate, with a taste of rosehip and red apple skin. The finish, carried by freshness, makes you want to take the next sip.

Angelika Sternat – Weinakademikerin

## GROSS & GROSS

Gross & Gross, that are two sisters. Two brothers. And two married couples. Put simply: a large family. In addition to sharing the name, Johannes, Martina, Maria and Michael share the work in the vineyard and the joy of trying something new. This includes the non-alcoholic alternative Flein.
