A GLASS OF FLEIN

Flein is single-variety grape juice of the highest quality. Three winegrowers from the Alpine region, all of them long-time friends, refine their region-typical grape varieties into juices which open up new dimensions of taste - either as an aperitif or food companion.

The grapes for Flein come from vineyards that were selected specifically for the production of the juice. The cultivation of the vines, like the harvest, is done carefully by hand. Gently pressed like champagne and pasteurised using the latest technology, Flein enables variety-typical aromas. Flein comes with a surprising freshness, elegance, and lively acidity.

SAUVIGNON BLANC

The grapes are small, compact and cylindrical. Aromatic and spicy taste. Typical grape variety in Südsteiermark and Štajerska Slovenija.

FOOD PAIRING

Aperitif, terrine, freshwater fish, Wiener Schnitzel, grilled white meat, grilled vegetables, dessert creations, etc.

JUICE DESCRIPTION

Reminiscent of mint, wild thyme and lemon balm. Fresh and crisp like a Granny Smith apple and young peas. Very finely structured with hints of pear. On the palate, the delicate fruit sweetness combines with the acidity and has an enormously mouth-watering effect. Pure drinking flow!

GROSS & GROSS

Gross & Gross, that are two sisters. Two brothers. And two married couples. Put simply: a large family. In addition to sharing the name, Johannes, Martina, Maria and Michael share the work in the vineyard and the joy of trying something new. This includes the non-alcoholic alternative Flein.
